

LUXIA®
YACHTS

An aerial photograph of the ocean's surface, showing intricate, swirling patterns of white foam and deep blue water. The waves are captured from a high angle, creating a complex, almost cellular texture. The overall color palette is a range of blues, from deep navy to bright cyan, with white highlights from the breaking waves.

THE BEGINNING

LUXIA YACHTS

The genesis of the Luxia Yachts project is as fascinating as the end result: **luxury yachts** that sail the deep blue waters, embodying the pinnacle of **sophistication** and **innovation**. At the heart of this revolutionary project are extraordinary people, a heterogeneous team that brings with it experiences, skills and passions from seemingly distant sectors such as automotive and aerospace. This diversity was the spark that ignited the imagination and creativity needed to turn a bold dream into reality.

The Luxia Yachts team is not just a group of professionals working together; they are, first and foremost, sea and sailing enthusiasts, people who have chosen to follow their passion and to invest time, energy and resources in **creating something unique**.

This shared love of the sea and sailing has united individuals from different backgrounds, creating a **unique synergy** that has become the driving force behind the Luxia brand.

THE SYNERGIES

COLLABORATIONS

Collaboration is the very essence of how Luxia Yachts operates and creates. Every Luxia yacht is the result of unparalleled teamwork, where each team member contributes their **unique expertise**. But the vision of collaboration goes beyond the confines of the internal team; **Luxia Yachts firmly believes in the role of partnerships.**

Within Luxia yachts, one can find a true **ecosystem of collaborations with brands that represent excellence in their respective fields**. From technology to furnishings, from safety to comfort, **every detail is taken care of** by selecting partners who share Luxia's vision of quality and innovation. These collaborations are not limited to suppliers of high-end components but also include **unique artists** who contribute to making each Luxia yacht a work of art, a place where **luxury and technology come together in an unprecedented way.**

This collaborative approach allows Luxia Yacht to push the traditional boundaries of the yachting industry, exploring new possibilities and creating yachts that are not just means to sail, but **immersive experiences** that touch the soul of those fortunate enough to climb aboard. Luxia Yacht is not simply a brand; it is a living testimony to the transformative power of **shared passion** and collaboration.

THE ROUTE

BEYOND THE BORDERS

Luxia Yachts navigates through horizons where **innovation and tradition merge**, defining a route that crosses not only the seas, but also conceptual boundaries. In the yacht line, **sporty character, exclusivity of design, liveability of environments and obsessive attention to detail** coexist, because Luxia Yachts does not simply follow the currents; creates them, leading the industry towards new, unexplored seas of innovation and luxury.

An aerial photograph of a speedboat moving across the ocean, leaving a white wake. The water is a deep, vibrant blue. The boat is positioned in the upper left quadrant of the frame.

THE SIGNATURE

LUXIA SIGNATURE

The Luxia signature is an emblem of **union between innovative design and high-quality craftsmanship**. At the center of this distinctive universe, there are **designers** who have collaborated with the best nautical companies and now leave their unmistakable mark on every Luxia yacht. The unique vision and ability to **transform spaces into experiences** translates into greater value in internal details such as leather and cushions, giving life to a product that is a symbol of Made in Italy artisan excellence.

Collaboration with leading brands in their sector allows Luxia designers to draw on a range of **innovative materials** and **cutting-edge technical solutions**, integrating them in such a way that technology and beauty blend into an indissoluble whole. In this world where design meets the sea, the Luxia signature becomes a universal language of beauty, innovation and quality craftsmanship.

LUXIA

THE BRAND

Luxia is the promise of an **unparalleled experience**, where every trip becomes an opportunity to discover the sea through the eyes of those who have been able to interpret its deepest essence. Luxia Yacht is the brand where **Made in Italy** luxury acquires a new dimension. The line of boats has a timeless elegance, which distinguishes it and enhances its **technologically crafted** constitution.

The name derives from two Latin words: lux (light) and luxus (luxury), and guides the brand's choices, because those who choose a Luxia yacht want to enjoy all the light they find on the horizon, while the sea opens up before them and the boat ensures **maximum comfort possible**.

The letter X that **characterises the Luxia Yacht brand** is a true declaration of intent: because it recalls the trails produced by the act of ploughing the sea, as well as representing the **perfect intersection between sportiness and Made in Italy design.**

LUXIA

EXPERIENCE

Rediscovering your connection with the sea on board a Luxia yacht is an experience that goes beyond simple navigation; it is a **ritual of rebirth**, a **celebration of luxury** and **connection with the ocean**.

Embarking on a Luxia yacht means embracing a journey of personal renewal and continuous discovery. **The elegant shape of the hull**, with its sinuous lines, seems designed to dissolve stress and open the mind to the infinity of the sea. As the Luxia moves through the waves, its growing V shape creates a sense of stability, offering passengers a safe haven.

LUXIA

EXPERIENCE

STERN PLATFORM

The stern platform, **both fixed and mobile**, becomes the connection point between humans and the vastness that surrounds them. The possibility of diving into the crystal clear waters or **getting back on board with extreme comfort** creates a tangible bond with the water.

It is an experience of total freedom, of abandoning daily worries while the sea becomes a constantly changing backdrop.

FLOORING

The **external teak flooring**, with its beautiful and resistant wood, becomes the stage on which this rebirth takes place.

Every step is a ritual, every moment an opportunity to rediscover the beauty and strength of the sea.

STERN BENCHES

The stern benches, a versatile relaxation space, offer the **possibility of closing or opening** completely depending on whether they are used as a table or as a sun lounger.

LUXIA

EXPERIENCE

SITTINGS

The seats **covered with Linetex®** fabrics guarantee maximum comfort during the journey, offering a welcoming position while enjoying the breathtaking view. The bow cushions, with their large dimensions, become a place of contemplation, a **refuge to immerse yourself in the sounds of the waves and enjoy the sun's rays.**

OUTSIDE KITCHEN

The outdoor kitchen, with its equipped furniture, becomes the meeting point to share tasty dishes and strengthen bonds between guests. The latest generation **on-board instruments** entrusted to **Garmin** offer a fluid navigation experience, transforming every journey into a technological adventure.

AUDIO SYSTEM

The **Garmin Fusion** audio system, with its extremely high quality, accompanies moments of relaxation, creating the perfect soundtrack for this renewal experience.

ENGINES

The powerful, **quiet and efficient** engines become the beating heart of this rebirth ritual, carrying guests gracefully through the waves.

375

Experience luxury, freedom and a deep connection with the pristine beauty of the sea aboard a **Luxia yacht**.
